

ORKNEY FERRIES WINTER TIMETABLE

Stronsay Community Council would like to thank everyone who responded to the recent public consultation on the Orkney Ferries Winter Timetable.

There was an even public split between the ferry staying over/not staying over on a Tuesday and Thursday night when the winter timetable is operational.

Members' views were then taken into account and it is Stronsay Community Council's recommendation that Orkney Ferries be asked to amend the winter timetable, continue with the current arrangement with the ferry returning to Kirkwall on a Tuesday and Thursday night.

This has been a difficult consultation for members to address and would appreciate the community's understanding and support.

Colin McAlpine
