FERRY FUNDING

We're continuing to press the Scottish Government for a further meeting of the Ferries taskforce. When that taskforce does meet we want to be presenting them with evidence of the real impact the current situation is having on folk in the isles - and so we want to hear from you!

Seating

Maybe you are someone with limited mobility who finds it difficult to use the ferries or maybe you're a isles business which is impacted by ferry capacity or cancellations when things go technical.

Stairs

If you're willing to have a chat with us about how ferry issues are affecting you, please email Kirsty Groundwater, Communications Team Manager, kirsty.groundwater@orkney.gov.uk or call 07818 508 323
